

ASSIMAKOPOULOS

integrated shading systems
and interior structure

OPTIMA
performance shades

N. ASSIMAKOPOULOS S.A. is the largest import and manufacturing company, with over 50 years of experience in installations of natural light control systems. It imports, manufactures, distributes and installs top quality Shading Systems, and Interior Decoration products, that meet the specialized demands of all customers.

The company's offices are located in privately owned facilities covering 5500 square meters in Elliniko, including production, storage and show-room spaces. It also has a specialized staff of 50 persons, which keeps up-to-date and is trained on an ongoing basis, aiming to provide integrated solutions for all.

Shading Systems do not only add to the aesthetics of interior spaces, but are also an integral part of a successful architectural design. The appropriate installation of systems that regulate natural light in buildings contributes towards their bioclimatic upgrade, which means that energy is saved and costs for heating, air-conditioning and artificial lighting are reduced.

The company's shading products include:

- Wood and aluminum venetian blinds,
- Vertical blinds
- Roller blinds
- Panel blinds
- Pleated blinds 25 and 50 mm
- Roman blinds
- Wooden Shutters
- Venetian blinds
- Aluminum Louvers
- Awnings
- Shading for patios and pergolas
- Architectural stainless steel mesh
- Outdoor shading sails and umbrellas.

The vertical organizational structure of N. ASSIMAKOPOULOS S.A. makes possible the use of interior decorators and architects for designing and managing projects, know-how with high quality services and installation by specialized experienced crews trained by the company. All this at a highly competitive cost and with after-sales technical support, which only an integrated manufacturer can guarantee.

We provide:

- Project implementation, design and management
- Design and R&D Department
- Customized applications in collaboration with Architectural Design Offices
- Expertise in complex projects
- Years of experience in installations
- Machining of special shading system requirements

The procedures of N. ASIMAKOPOULOS SA are certified with EN ISO 14001:1996 and EN ISO 9000:2001.
